Sto. Holms, July 16.

THE King of Sweden having received Intelligence that some Russian Ships are cruising near the Island Degers-Ort, the Men of War which lay at the Dahlers are put to Sea to look for them. But it is thought the Russians keep so near their own Port, that upon the Approach of our Ships they will be able to retire. The King, and Prince William of Hesse-Cassel his Brother, are expected at Carlsberg the 20th Instant on their Return from Gasse, whither his Majesty went to review the Troops encamped in that Neighbourhood.

Paris, Aug. 10. About five Days ago the Court received Advice from Marseilles, that a Pestilential Distemper was brought thither by a Ship arrived from Sidon; which Ship belonging to some Eschevins of that City, was favoured by shortening the time of Quarantine usually performed by Vessels coming from the Levant. It was judged that the Infection first seized the Men who were employed to open some Bales of Cotton which came in that Ship, for they sickened immediately and soon died; in a Day or two after 24 Persons in one Street were carried off with much the like Symptoms: Whereupon that Quarter of the Town where the Contagion had taken, was barred up, and all Precautions used to prevent its spreading. To-Day the Duke Regent received Advice by an Express from Marseilles, that the Distemper appears now to be a malignant contagious Fever, and that the Physicians having fallen into a proper Method of treating those who are seized with it, it is already much abated. Some Days ago the Troops at Charenton, consisting of six Battalions, passed in Review before the King, who was attended by the Duke Regent, the Duke of Chartres, the Duke of Bourbon, and the Marshal de Villeroy: These Troops have since removed, to be employed on the Canal of Montargis. A Regulation has been published for preventing all Traffick of Foreigners to the French Colonies in America; authorizing his Majesty's Ships of War or others fitted out by his Subjects, to take by Force of Arms and make Prize any Vessels (whether French or Foreign) employed in such Traffick to the said Colonies. Mr. Schaub arrived here from Madrid on the 8th Instant.

Hague, Aug. 13. The States of the Province of Holland were assembled here on Saturday the 10th Instant; but separated the same Day, without having made the least Overture for the Election of a Pensionary. They are to meet again on the 5th of next Month, to draw up the Instructions for the future Pensionary, a Formality which is always observed before they make the Election. This Point is recommended to the Towns, that they may send their Deputies fully instructed upon it. In the mean time they have given the Seals to M. Starenbourg, without explaining in their Resolution whether it be only *per Interim*, or to take Possession of that Charge. In this Vacancy, he, in the Quality of first Noble of Holland will assist, in the Place of a Pensionary, in the *Commissie der Rade* and in the Assembly of the States General.

The Governour and Company of Copper Miners in England give Notice, that their Transfer-Books will be open on Thursday next (being the 11th Instant) at their Office in Bush-Lane; and that, for the future, they will continue open every Tuesday and Thursday, from Four till Six in the Evening.

Notice is hereby given, that, pursuant to an Order of a General Court of the Royal Lustring Company held at Weaver's-Hall in Basing-hall-street, on Wednesday the 3d Instant, the Transfer-Books of the said Company will be shut on Tuesday the 9th Instant, and continue shut until Tuesday the 6th of September next. And that by Order of the same General Court, every Proprietor is (some time after the said 9th Instant and before the 6th of September) to pay in 10 l. upon every one of their
